The Honorable Charles S. Thomas
Secretary of the Navy
Navy Department
Washington 25, D. C.

Dear Mr. Secretary:

Quite recently a series of tests were conducted near Florida by Naval operating forces at the request of this Agency. These tests were organized to investigate the use of certain special equipment in which this Agency is interested. The integrated co-operation of a number of ships and aircraft was involved.

Adm. Robert B. Carney, Chief of Naval Operations, is familiar with this project which I prefer, for security reasons, not to describe more accurately. I would like to extend to him our sincere thanks for his interest and co-operation.

We are particularly grateful to all of the officers and men who actively participated in this work which, I may add, proved entirely satisfactory.

Sincerely,

SIGNED
